

ORP10 Portable ORP Meter

Features

- 3.7" Color screen, user-friendly interface.
- Measure and display temperature (°C/°F) simultaneously.
- Data logging up to 3000 groups.
- Equipped with a USB Type-C charging port, conforms with the EU new law.
- Ideal for use in harsh environments — IP57 Waterproof and Dustproof rating, silicone socket protector and grip cover protect the instrument from general impact.
- Large backlit LCD displays mV and temp. along with icons of stable readings.
- Foldable stand allows use as a benchtop meter.
- For general liquid test.

Specifications

ORP (mV)	Range	-1,999mV - +1,999mV
	Resolution	± 0.1/1mV
	Accuracy	±0.03% FS ±1digit
Temperature	Range	0-100°C
	Resolution/Accuracy	0.1°C; ±0.2°C±1digit
Data storage/content	3000 groups (Serial number, Mode, Measuring value, Temp, Date: Y/M/D/H/M)	
Data export/Charging port	Type-C - USB	
PC software function	GLP measurement management Two-level user management The user's operation history log Meter usage management Automatically /manually timing data storage	
Power supply	Rechargeable Lithium battery × 1	
Packing including	1. ORP10 Meter 2. ORP301 plastic ORP probe: 1pc 3. Temp-02H Stainless steel probe: 1pc 4. 222mV ORP standard solution 5. Charging cable: 1pc 6. Hard carrying case: 1pc
